

Ideal Group of Institutions, Ghaziabad

A one day Seminar on “Advances in Arc Welding Processes” was organized by The Industry Institute Partnership Cell of **Ideal Institute of Technology** on 16th November 2009. It was organized in association with The Indian Institute of Welding, Delhi Branch.

Dr. Sunil Pandey (Professor, IIT Delhi) was the Chief Guest. The Inaugural Session of the Seminar was attended by Sh. Subhash Chand Gupta (Chairman), Dr. G. P. Govil (Director), HOD's and Functional Heads of the respective departments along with the Faculty members and staff of the institute.

The Seminar covered Lectures and demonstrations on Arc Welding Processes. Eminent personalities in the field of welding from The Indian Institute of Welding, Delhi Branch Dr. R. S. Parmar, Sh. J. R. Prasher, Sh. Vivek Vasudeva and Dr. C. K. Datta delivered lectures on latest trends in Arc welding processes such as “Shielded Metal Arc Welding”, Gas Metal Arc Welding”, Gas Tungsten Arc Welding.” The lectures were followed by a Panel Discussion in which the delegates clarified their doubts and gave their valuable suggestions.

More than 50 delegates from various Engineering Colleges and Industry attended Seminar.

Certificate of Participation were distributed in the Valedictory Session to all the registered delegates.
